SOCIAL MEDIA TOOLKIT

We're confident that the friendly competition sparked by our Reflex Competition feature will bring a new level of engagement to your math class! Fan the excitement by promoting your Reflex Competition wins on social media.

Download these social graphics to share your classroom's Reflex Competition triumphs! You can choose from several post options available in three compositions: landscape, square, and story.

Social banners make the perfect cover photos for your profile.

To flex your Reflex champion status, use our custom profile picture frame. In Canva, drag this image over a photo of you and click download for a revamped profile picture.
